Dear Jo

Paul Woolmer has asked if we will be having a further group meeting regarding the FiT event. Not sure myself but perhaps we should check the expenditure. We had a budget of £1.000 which is presume was well underspent.

He has also suggested a further plaque as shown in his attached copy e-mail. A good idea as far as I am concerned. I see he has approached the same engraver I used for the plaque on the display box in the church which I think cost about £75. I assume a formal motion would need to be put to the next full town council meeting and I would be happy to put this forward.

Something for us to discuss next week.

Kind regards

Michael

Hello Bob,

The possibility has arisen for a small plaque engraved onto stainless [I will supply], font as per previous designs, screw holes drilled to each corner.

Details as per the attachment. There may be a slight variation to the words but will remain largely the same.

Please supply an estimate for engraving.

Regards

Paul Woolmer

Dear Jo and Michael, Please see the following. If approved I will try to negotiate a slightly better price as I have put quite a bit of business his way. No promises of success.

I will await the outcome from you.

Regards

Paul

Hi Paul,

based on plaque being size shown on attachment cost would be £60.00.

Thanks

Bob
