<b>12110</b>	<b>Planning Applications</b>  <b><u><a href="#">WD/2017/1253/MFA</a></u> – OLD POLEGATE STATION, STATION ROAD, POLEGATE BN26 6EH – VARIATION OF CONDITIONS 4 AND 17 OF <u><a href="#">WD/2016/2201/MAJ</a></u> (DEMOLITION OF THE EXISTING BUILDING USED AS A RESTAURANT. ERECTION OF A 3 ½ STOREY BUILDING TO CONTAIN A CONVENIENCE STORE AT LOWER LEVEL AND 22 NO. RESIDENTIAL UNITS ABOVE WITH ASSOCIATED PARKING).</b>  The committee discussed the changes in condition at length. There were concerns over the request to alter the retail use. The committee spoke about this and stated that if the developer was unsure as to whether the shop would be viable, it would be better to make the whole area residential and none retail. The committee felt that a retail outlet at that area would compete with the new LIDL, the town centre shops and the independent shop nearby. The sustainability of the store was now in complete doubt and the condition change (change of use type) should be objected to. <b>It was resolved to submit objections to the change in condition (4) based on the doubt on the viability of the retail outlet. The sustainability of any shop in that location was in doubt and the Council preferred that it be all residential rather than having</b>

**another empty shop. VOTE All in favour of submitting the above objection Cllrs Mrs W Alexander, Mrs M Piper, D Watts, M Falkner, D Dunbar, Ms A Snell**

The committee also discussed the wish of the developers to eliminate the need for a banksman. The committee were adamant that if the retail space were to be used, due to the 40m reversing area that would be around cars, tenants, visitors to the shops, pedestrians, bus stop users and potential children. There were too many blindspots to expect the driver and an untrained person to guide the HGV safely. The council noted that the area at the front was for any use as it was ESCC highways land.

**It was resolved to strongly object to the removal of the need for a banksperson, as it was considered that doing this could lead to accident and potential injury to those using the area. The committee were adamant that if the retail space were to be used, due to the 40m reversing area that would be around cars, tenants, visitors to the shops, pedestrians, bus stop users and potential children. There were too many blindspots to expect the driver and an untrained person to guide the HGV safely.
