12191	Planning Applications <i>Cllr D Watts left the room</i> <u>WD/2017/1990/F</u> – 5 WESTERN AVENUE, POLEGATE BN26 6EP – CONVERSION OF OUTBUILDING INTO SELF CONTAINED DWELLING WITH FRONT AND REAR EXTENSIONS AND ASSOCIATED WORKS. The application was discussed in great detail. The general option was that having looked at the site the current building should never have been built as it was far too close to the existing buildings. The committee agreed that any building on that same footprint would be overdevelopment and completely change the street scene. The planning history was looked at and it appeared that through many years they had been adding to and had applied many times in the past for a property in the back garden and been refused. There were serious concerns over the amount of parking, the use of the building. There would be severe loss of amenities for the adjoining neighbours. There would be no access to the rear of the property for anyone using the building or for the bins (recycling, normal waste and glass). The roof was too high and would interfere with the enjoyment of the neighbouring properties and their privacy would be severely encroached upon. It was generally considered to be overdevelopment. It was resolved to submit strong objections to the above planning application: Overdevelopment, too close to the neighbouring properties; lack of adequate parking; privacy issues for both neighbours; no access to the rear of the property and the roof was

	<p>considered too high for a residential building due to its effect on neighbouring properties which were already too close. VOTE 5 for submitting the above objections Cllrs Mrs W Alexander, Mrs M Piper, M Falkner, D Dunbar, B Goodwin 1 abstention Cllr Ms A Snell <i>Cllr D watts returned to the room</i></p> <p>WD/2017/2295/F – 44 OLD DRIVE, POLEGATE BN26 5ES – SINGLE STOREY REAR EXTENSION.</p> <p>It was resolved to submit no objections to the above application.
