

## LOCAL PUBLIC TOILET

Since I reported that Wealden District Council has confirmed that Polegate's public toilet is one of those to be closed; we are continuing to receive comments of concern from residents. Some residents have discussed the possibility with us to petition Wealden District Council on this issue.

I have prepared an amendment to the full council budget meeting at Wealden District Council on 20<sup>th</sup> February, and will report back to you at the meeting.

Daniel Shing  
Wealden District Councillor for Polegate South

## **Wealden District Councillor reporting for Polegate Town Council**

### **WEALDEN DISTRICT COUNCIL BUDGET 2013-2014**

Wealden District Council is going to set the 2013-2014 Budget with 0% increase.

It is in line with the government recommendation that the council will get extra 1% funding for 2013-2014.

It is disappointing that they are continuing to cut important services, which also happen to mostly affect our area. For example reductions in street cleaning, litter picking, end of dog warden services and closure of our public toilets.

### **WASTE COLLECTION**

The new waste contractor will be starting in April; the new collection service will be introduced in July.

Cllr Oi Lin Shing
