

Wealden District Councillor Oi Lin Shing reporting for Polegate Town Council

LDF Core Strategy Public Examination Hearing

The public examination hearing for the proposal to build 700 new houses and 8600sq metres of employment floor space in Hindsland /Morning Mill Farm was completed on 2nd February 2012 and awaits the Secretary of State Planning inspector's decision. ✱

We have attended the LDF Core Strategy Public Examination Hearing, it was good to see many of our town councillors at the public examination hearing.

Wealden District Council budget meeting on 15th February Amendment to the Budget and Medium Term Financial Strategy

Our group placed an amendment to the budget, which will be no surprise to you that with only four in our group voting for the amendment, got rejected.

Proposer: Cllr Stephen Shing

Seconder: Cllr Raymond Shing

Amendment:

That the budget and Medium Term Financial Strategy be amended to delete the funding for the Members' Planning Tour of the District so that: the £410 for coach hire and £200 for printing is returned to the General Fund Balance; and the £1,500 worth of officer time is more productively utilised in service delivery.

Wealden District Councillor Oi Lin Shing 27th February 2012

District Report Cllr R Martin

There was a budget meeting at Wealden District Council on 15th February 2012.

I have now been appointed by the environmental scrutiny committee to a bus services review working party.

20th February 2012

LDF Core Strategy Sites Development Plan documents Public exhibition

We attended the Wealden District Council LDF Core Strategy Sites Development Plan documents Public exhibition held at Polegate Community Centre on Saturday 11th February.

The exhibition was well attended, a number of residents have told us that they don't agree with the Hindsland proposal, and the Wealden District Council's Public consultation response is very hard for them to make representations.

Daniel Shing
Wealden District Councillor for Polegate South
