A councillor queried the High Street Toilets, the clerk confirmed that the Council had the deeds and these were being forwarded to the solicitor and therefore were not yet on the list.

**11337 Adoption of Council Policies/Procedures**

A councillor queried the complaints procedure stage 1,2 and 3. The clerk confirmed that a complaints panel would need to be created (ideally independent of the complaint) and selected in order to deal with any complaint

that may arise and that the person would be allowed to represent themselves or have a representative present at that meeting.

A councillor queried the wording on Statement of Community Involvement page 2 of 4 bullet point 3 "All local voluntary organisations, clubs and societies" and requested that the wording be amended to "All local and some national voluntary organisations, clubs and societies"

A councillor queried the wording of The Social Media Policy page 3 of 4 section 6. It was agreed that the wording would be looked at and the policy changed from named person to "Named Person". It was agreed that the policy was designed to prevent council employees and councillors from making political statements which may be assumed to *represent the council*, but not to restrict councillors or staff from having their own political views and should allow both to engage in political debate/exhibiting political partisanship but not for or on behalf of the Council.

**11344 Councillor Training**

The Mayor commented that all councillors had been in receipt of the available councillor training, particularly for new councillors. He highly recommended that councillors did the training. He asked the clerk to clarify the budget and the amount for the course. The clerk stated that the main course was £50 and only three councillors had signed up so far. She stated there was a £1500 budget so that all councillors could attend should they wish to.

A councillor asked if the councillors themselves had to register their interest. The clerk stated that Sue in the office would take the bookings and then submit to SSALC (and keep the budget). A councillor asked if the District councillors would be duplicating training if they attended. The District Councillors Ms A Snell and D Murray (District Councillor for another authority) stated that the training was different and bespoke to their roles as District Councillors (for instance planning portfolio/membership roles and what might be out of the remit of the District Council and the role of the District Council itself, what it does and what its policies are.) The clerk confirmed that the SSALC training related to their roles as Town Councillors as the rules differ between the two authorities. A councillor asked about some bespoke training that had been offered and some areas that she had a particular interest in. The clerk stated that she had made enquiries about the new councillor course and it had been confirmed that those areas were to be covered in the new

councillor training course and therefore additional training for that would not be required.

**It was resolved that any councillor who wished to attend the training would be able to attend and to be paid for from the councillor training budget and for councillors to let Sue know in order that they may be booked onto the course. A councillor asked for clarification from the clerk on what the process was and what it would cover. The clerk stated that the idea was that all councillors attend and without influence, state their ideas (anonymously) for what they wished to achieve during their term as councillor. The ideas would then be discussed and prepared in such a way that it could become part of an overall Town Council business plan and strategy that could/would be developed with budgets, costs and timescales, in order to take things forward in a methodical and productive way. The Mayor asked if councillors were able to contact Trevor Leggo privately. The clerk stated that the councillors could do this and she would forward the details to the councillors.

It was agreed to ask Trevor Leggo to come and facilitate the process.
