c) Buildings & Land Working group

A verbal report was given by Cllr Murray. Some of the options considered for the Wannock Office and the requirements of the sports clubs. This included the possibility of demolishing the building which had been rejected by the group. Potentially merging the two building but this had some issues which were being investigated by the clerk and the potential to commercially rent part of the area to provide better facilities at the park and some of the legal issues and viability of this were being looked at by the clerk. It was mentioned that there was no doubt that the changing facilities and other facilities would need improving and there were a number of ways that this could be achieved. A councillor commented that commercially letting the area had been rejected in the past and that there may be a requirement for the fees for hiring the pavilion to go up to cover some of the costs. The chairman commented that once further information was received the group would meet again and discuss what the options were and bring a report back to council.

11722 Senior Moments Update on the event

Cllr Dunbar had circulated photos of the event prior to the meeting and commented on the success of the event and that he hoped it would take place again next year. Cllr Ms Snell commented that she hoped if the council agreed to another event happening that other groups could be invited and both councillors commented that the feedback had all been positive and everyone had enjoyed the refreshments.

	<p>Snell, Mrs C Berry, Mrs W Alexander, B Goodwin, Mrs M Piper, D Murray, M Falkner, E Board, S Dobson</p> <p>f) Guardian Court Crossing Assessment of cost A discussion took place on the merits of the crossing and various types and that the survey from ESCC was required as nothing could go ahead without their permission as they were the statutory body who determined the required crossing type. It was also noted that there would need to be a consultation on whether a crossing was required there. Comments on the area suggested and the reasons for the crossing being in the ear marked reserves was discussed briefly. A councillor reminded the councillors that the statistics for collisions was now available online and he agreed with the comments from ESCC that there had been few and none had involved pedestrians. Councillors discussed the need for the ESCC survey first to determine whether it could be afforded or not and it was agreed that was the way forward for now and once that information was received the council could consider whether the crossing was still wanted by the residents and whether it was affordable, as the crossing type determined by ESCC would determine the overall costs involved. It was resolved that the clerk request the survey be carried out by East Sussex County Council as per their emails at the cost of £400 and to make an additional request as to whether a build out was suitable in this location or affordable.
