Outline Planning permission for residential development

No Objections. VOTE All in favour

However, Polegate Town Council have concerns over the amount of traffic at the access as there is a well used letter box at that proposed junction.

WD/2010/2858/FA Land North of Dittons Road, Polegate BN26 6HT
Variation of condition 6 of WD/2007/2353/MEA Temporary Access

The Committee looked at the papers supplied and it was unclear as to whether the access was to remain temporary or to change. There were no details of the original application to inspect and therefore the committee could not come to a decision. It was agreed to contact the case officer for more information and for the application to be considered under delegated authority to meet the deadline set.

No decision at this time - to be taken to delegated committee once further information supplied or objections if none supplied.

At this stage it was agreed that a letter should be put in writing to Wealden District Council (Kelvin Williams) regarding the non involvement of Polegate Town Council in any section 106 agreement.

**WD/2010/2881/A
LAND NORTH OF DITTONS ROAD, POLEGATE BN26 6HT
POLE MOUNTED FREESTANDING 'V' BOARD ADVERTISEMENT**

The advertisement pole was discussed at length.

Objections: VOTE Unanimous

A vote was taken and all councillors objected to the pole being situated in Gulfoss in the location proposed. It was suggested that the pole be set back on the development land in order not to cause a distraction to drivers along that road and has no visual impact. The committee suggested that it would also be acceptable for the pole to be set back on Delcote which was part of a related application WD/2010/2926.

CONSTRUCT 4 NEW DWELLINGS, INCLUDING GARAGES (5 CAR SPACES), 5
CAR PARKING SPACES AND A SHARED PRIVATE DRIVEWAY GIVING
ACCESS FROM EASTBOURNE ROAD**

A length discussion took place a **unanimous vote was taken on the following objections:**

Overdevelopment contrary to EN1;
Out of character with neighbouring properties contrary to EN27;
Concerns on access – development will increase traffic onto main Eastbourne Road contrary to TR3;

Refuse collections will cause a nuisance to traffic and access contrary to EN1; Complaints have already been received from neighbouring properties regarding balls from the local recreation ground which backs onto this development. It is considered that the development would be unduly dominant to public open space contrary to EN1.

Planning Updates and General Information

The Honey Farm appeal was discussed. It is currently 4 ½ hours behind. It was noted by many parties that no members of Wealden District Council were present at this stage. The Counsel for the appellant commented on it when cross examining Mr Walker.

A brief discussion took place regarding section 106 and the fact that there is no formal mechanism for Polegate town Council to be involved. The Clerk had contacted another local clerk and was advised that negotiation with the developer was the way forward and to let the district know what was being asked for and agreed. The Clerk has done this with the appellants for Honey Farm and will be doing further investigation into what can be asked for legitimately for further developments within Polegate.

Councillor Mrs C Berry commented on the EDF site and that there were not enough car parking facilities allocated there. Most of the workers who arrived later in the morning were now using the lay-by as a car park as there were not enough car parking spaces on the site.

It was agreed that a letter would be sent to Wealden District Council regarding the concerns and over the lack of parking. The letter would state that any further units would be asked to provide for more car parking spaces than at present. The parking in the lay-by is causing problems with delivery lorries to the houses along that part of Dittons Road.

It was also requested that the clerk send a letter to ESCC Highways authority regarding the parking in the lay-by.

It was requested that the clerk contact the PCSO's and ask that they monitor the parking in the restricted parking area at the top of the high street as people were parking there which is unfair to shop owners.

The clerk was asked to contact the case officers at Wealden regarding the WD/2010/2858 and WD/2010/2881 and discuss how the matter of the mud on the road and the problems being caused to residents were being tackled.

The Committee extended their thanks to Cllr T Voyce, Cllr Mrs J Voyce, Cllr J Rogers, Cllr R Martin, Cllr S Shing and The clerk for attending the Honey Farm inquiry. Particular thanks to Cllrs Mr & Mrs Voyce for their work on the appeal and their part in the evidence process.

The Meeting closed at 10.45am
